

Mr. Colby:

1. Georgia advises that you will not be back [redacted] until the 15th of April, which means you cannot host the Brookings group on Friday, the 13th. I alerted [redacted] to this, but they would like your suggestion as to whom they should ask to substitute.

Ed Proctor \_\_\_\_\_ DDCI [redacted]

2. Under the heading of small matters: You have in the past been the Reviewing Official for FR's on professionals rated by Mr. Maury (you merely wrote "Concur" or something to the effect that you hadn't personally observed the person's performance but you had confidence in the judgment of the Rating Official.). Do you wish to do this for FR's covering performance during the past year? Yes \_\_\_ No 1
